

## **ASANTE AKIM SOUTH MUNICIPAL ASSEMBLY**

## **ANNUAL ACTION PLAN 2024**

## **CHAPTER ONE**

### **GENERAL INTRODUCTION**

#### **1.1 Introduction**

The 2024 Annual Action Plan takes its root from the 2022-2025 MTDP of the Asante Akim South Municipal Assembly. The 2022-2025 MTDP was prepared through series of consultations with various stakeholders within the Assembly. This is in accordance with the 1992 Constitution of the Republic of Ghana, Local Governance Act, 2016 (Act 936), National Development Planning (System) Regulation, 2016 (L.I. 2232), the Land Use and Spatial Planning Act 2016 (Act 925). In line with the National Medium Term Development Policy Framework, under the “Agenda for Jobs; Creating Prosperity and Equal Opportunity for All”, the 2024 Annual Action Plan hinges on the following development dimensions;

- Economic Development.
- Social Development.
- Environment, Infrastructure and Human Settlement
- Governance, Corruption and Public Accountability;
- Implementation, Coordination, Monitoring and Evaluation
- Emergency preparedness and response

The 2024 AAP is unique in many respects.

Firstly, it has taken cognizance of both the United Nations Sustainable Development Goals (SDGs) and the African Union Agenda 2063.

In line with views solicited from the Communities and Stakeholders, Programmes and Projects have been formulated to address issues such as Sanitation, Education, Health, Community Upgrading, Socio-Economic infrastructure (Markets), Roads, Transportation, Drainage/Flooding, Disability friendliness, Employment Generation, Livelihood Empowerment Against Poverty (LEAP), School Feeding, Housing, Sanitation and Waste Management, Road Safety, City Resilience, Climate Change among others.

It is important to state that some of the projects and programmes outlined are on-going projects while others are new.

The core objective of the 2024 AAP is to sustain the gains made during the implementation of the 2018-2021 MTDP and ultimately advancing the agenda of changing lives of the People of the Asante Akim Municipality

### **1.2 Plan Implementation Cost**

A total number of 125 activities and projects are contained in the 2024 AAP. These multisectoral activities are geared towards the realization of the vision of the Assembly. They are distributed across all Departments, Units and area councils of the Assembly.

With the development dimensions identified earlier, the distribution of the activities is as follows; Governance, Corruption and Public Accountability (projects), Environment, Infrastructure and Human Settlement (projects), Social Development and Economic Development, Emergency Preparedness and Response. A critical condition for the implementation of the plan is the need for inter departmental and sectoral collaboration.

### **1.3. Sources of Funding**

Prospective funding sources for projects and programmes in the 2024 Annual Action Plan (AAP) include the underlisted. Based on analogous and bottom-up projections as well as expert judgments estimations, the sources of funding for the 2024 AAP are expected from the following;

- Internal Generated Fund (IGF)
  - DACF (MP's common fund, PWDs,)
- Donor Agencies
- Central Government Transfers
- Other sources that the Assembly will be seeking to source funds include Public Private Partnership (PPP) projects for some of the capital-intensive projects

### **1.4 Underlying Assumptions**

Following the experience gained from the implementation of the 2018-2021 Medium Term Development Plan (MTDP) of the Assembly, the Municipal Planning Coordinating Unit (MPCU) recognized that the following measures are necessary for the successful implementation of the 2024 Annual Action Plan. These are as follows;

- The need for Coordination and Communication among stakeholders for successful implementation of activities incorporated into the plan, especially the implementing Departments, Units and Sub-Metros of the Assembly.
- Availability of Funds. Timely release of funds to Departments and Units for implementation of projects.
- Massive mobilization of funds from within and sources outside to support implementation of programmes and projects.
- High level of commitment to the 2024 Annual Action Plan from both Management and Heads of Departments/Units.
- Effective and timely reporting on activities Implemented.

**CHAPTER TWO COMPOSITE  
ANNUAL ACTION PLAN  
2024**

Programme (PBB)	Sub- Programm e (PBB)	Broad Activities	Location	Timeframe				Cost					Programme Status		Implementing Institution/Depart ment
